

Degenerate elliptic eigenvalue problems

Introduce:

Prof. MARCO DEGIOVANNI
Università Cattolica del Sacro Cuore

Interviene:

Prof. FRIEDEMANN SCHURICHT
Università di Dresda

Abstract

We treat existence, maximum principle for the first eigenfunction and the existence of a sequence of eigensolutions for elliptic problems with a leading elliptic term that is nonsmooth and satisfies some typical p -growth.

Seminario

Mercoledì 22 giugno 2016
Aula 9, ore 15.00
Via dei Musei 41 – Brescia
